

Biomarkers for Tuberculosis:
New Questions, New Tools

REGISTER TODAY!

Marriott Westfields Washington Dulles
14750 Conference Center Drive
Chantilly, VA 20151
September 8 – 11, 2013

The objective of the conference is to integrate knowledge generated through basic, translational, and clinical research leading to novel methods and strategies for identifying and assessing biomarkers for tuberculosis.

The conference includes plenary sessions and poster sessions. The plenary sessions will feature invited speakers. Short talks will also be selected from among abstracts submitted for poster presentation.

Registration and Abstract submission are open:

www.regonline.com/tbconference

Abstracts will be accepted until June 1, 2013

This meeting is a follow-up to the conference Immunodiagnosis of Tuberculosis: New Questions, New Tools, which was held in September 2008 in Virginia Beach, Virginia, USA.
